Area Closure

July 29, 2005

# DARPA Grand Challenge 2005

## Area Closure

**Purpose** DARPA has closed an area to Grand Challenge teams.

**Background:** The Bureau of Land Management has registered a number of complaints with DARPA regarding the damage Grand Challenge teams have done to the environment in this area. If these activities continue, DARPA risks the loss of its permit to conduct the 2005 Grand Challenge.

**Scope** This document augments the DARPA Grand Challenge 2005 Rules and is effective July 29, 2005 until the completion of Grand Challenge 2005.

Figure 1 shows the area that is off-limits to Grand Challenge teams and their vehicles.

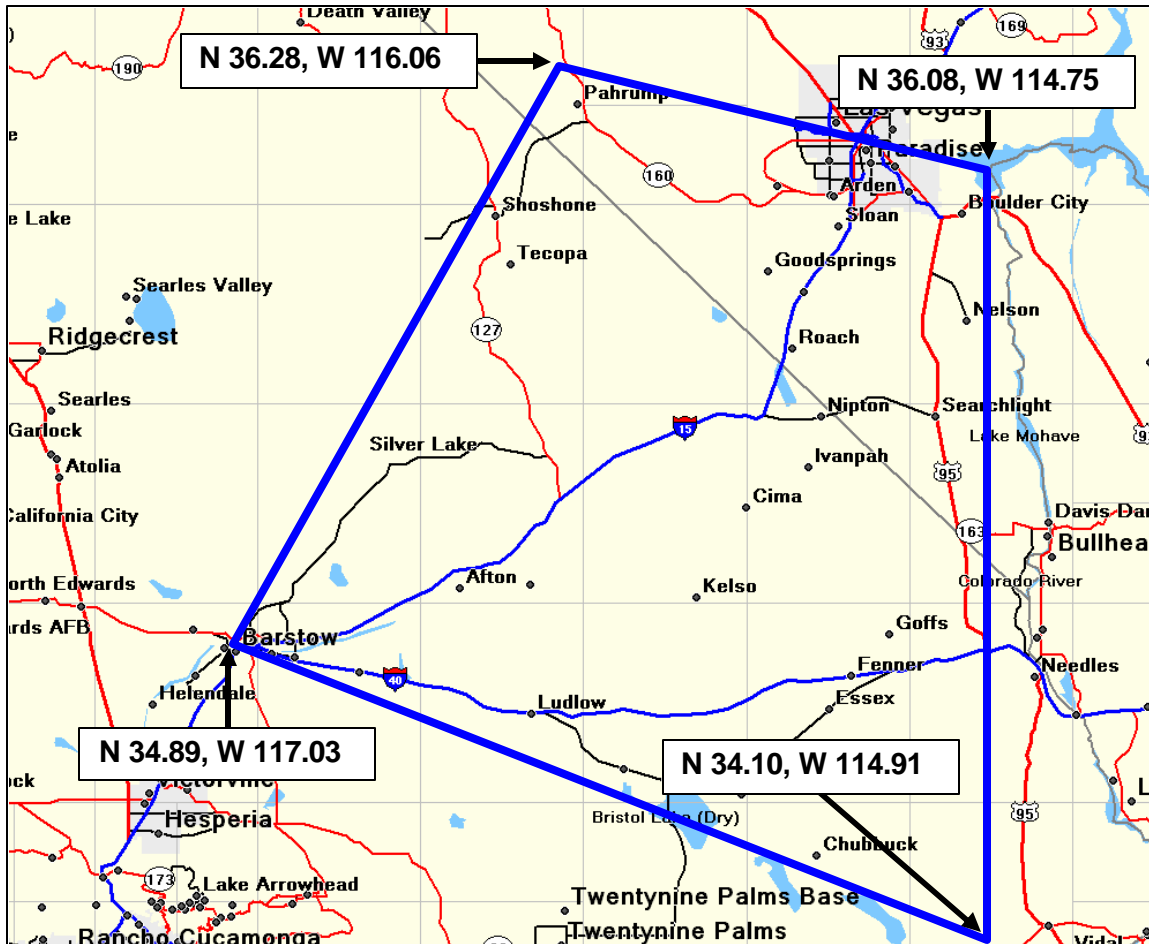

Figure 1: Blue quadrilateral defines the exclusion zone

Teams, team members, and team representatives are not allowed to operate Grand Challenge vehicles off-road in the area within the exclusion zone. In addition, teams are not allowed to operate any ground vehicle within this area for any purpose related to the Grand Challenge event.

Teams that violate this rule will be disqualified.

For a team to remain eligible, the form below must be signed and returned to arrive at DARPA no later than August 12<sup>th</sup>, 2005.
